

MSc student in Systems Engineering and Engineering Management with a Bachelor of Management in Logistics Management. Seeking graduate roles in supply chain, operations or business analytics, with experience in quantitative research, project delivery and campus operations.

## EDUCATION

**The Chinese University of Hong Kong** 2026 - Present

MSc in Systems Engineering and Engineering Management

**Southeast University** 2022 - 2026

Bachelor of Management in Logistics Management, School of Economics and Management

- Final GPA: **3.57/4.0**; ranked **6th** in the undergraduate cohort.
- Selected coursework: Game Theory (97), Logistics System Modelling and Simulation (94), Business Intelligence and Data Mining (93), Operations Research (91).

**Nanyang Technological University** 2024

Summer Programme - Foundation of Information Analytics (A-)

## SELECTED PROJECTS

**D3QN-Based Single-UAV Path Planning in Layered Grid Environments** Oct 2025 - May 2026

Undergraduate Thesis, Southeast University

- Built a D3QN for static point-to-point planning using local-state inputs, experience replay and boundary-aware action masking.
- Benchmarked it against A\* on 100 simulated routes using path length, post-computed energy and inference time.

**Urban UAV Path Optimisation in Spatial Grid Environments** Jun 2025 - Apr 2026

Project Lead, Provincial Undergraduate Research Training Programme

- Led a four-member team across research design, algorithms and final delivery; converted ten urban map slices into four-layer occupancy grids and built 100 start-goal scenarios.

**Digital Technologies and Platforms in Logistics Service Ecosystems** 2023 - 2024

Research Team Member, University SRTP

- Reviewed digital technologies, platform ecosystems and supply-chain transformation, and supported the initial conceptual model.

## LEADERSHIP AND SERVICE

**Vice President, Science and Technology Association** 2024 - 2025

School of Economics and Management, Southeast University

- Managed recruitment, annual planning, internal operations and finances; helped deliver 20+ university events for 1,000+ students and staff.

**Three-Star Volunteer** 2022 - 2026

Southeast University

- Completed **237.9 verified volunteer hours** across disability support, elder care and hospital-service programmes.

**Member, Incoming Student Home-Visit Team** 2023

Southeast University

- Supported 200+ incoming students with admissions and campus-life questions, and joined six home visits.

## SKILLS AND RECOGNITION

**Operations** Supply chain, logistics, process analysis, project coordination, FlexSim

**Analytics** Business intelligence, data analysis, discrete-event simulation, conceptual modelling

**Languages** IELTS 6.5; CET-4 563; CET-6 489

**Recognition** National Scholarship (2025); Outstanding Communist Youth League Member; Three-Star Volunteer

香港中文大學系統工程與工程管理理學碩士生，東南大學物流管理學士。具備供應鏈、營運分析及定量研究背景，現尋求香港供應鏈、營運或商業分析職位。

教育背景

香港中文大學 2026 - 至今

系統工程與工程管理理學碩士

東南大學 2022 - 2026

管理學學士（物流管理），經濟管理學院

- 最終 GPA：3.57/4.0；學士課程排名第 6 名。
- 重點課程：博弈論（97）、物流系統建模與仿真（94）、商業智能與數據挖掘（93）、運籌學（91）。

南洋理工大學 2024

暑期項目 - Foundation of Information Analytics（A-）

精選項目

分層網格環境下的 D3QN 單無人機航跡規劃 2025.10 - 2026.05

本科畢業論文，東南大學

- 建立用於靜態點到點單無人機航跡規劃的 D3QN，採用局部狀態輸入、經驗回放及邊界動作遮罩。
- 以 100 組模擬路線與 A\* 比較路徑長度、事後計算能耗及推理時間。

空間網格環境下的城市無人機路徑優化研究 2025.06 - 2026.04

項目負責人，省級大學生創新訓練計劃

- 帶領四人團隊，負責研究設計、演算法及成果交付；將 10 個城市地圖切片轉換為四層佔據網格，建立 100 組起訖點情境。

數字技術與平台對物流服務生態系統的影響 2023 - 2024

項目成員，校級大學生科研訓練項目

- 梳理數碼技術、平台生態與供應鏈轉型研究，並參與初步概念模型建構。

領導及服務經驗

科學技術協會副會長 2024 - 2025

東南大學經濟管理學院

- 負責招新、年度規劃、內部營運及財務；參與籌辦逾 20 場校級活動，服務逾 1,000 名師生。

三星志願者 2022 - 2026

東南大學

- 本科期間完成 237.9 小時經核實的志願服務，涵蓋殘障人士支援、長者及醫院服務。

東南大學新生家訪團隊成員 2023

東南大學

- 聯絡逾 200 名新生，解答入學及校園生活問題，並參與 6 次新生家訪。

技能與榮譽

專業 供應鏈管理、物流、流程分析、項目協調、FlexSim

分析 商業智能、數據分析、離散事件模擬、概念建模

語言 IELTS 6.5；CET-4 563；CET-6 489

榮譽 國家獎學金（2025）；優秀共青團員；東南大學三星志願者
